

Laravel/PHP Full-Stack Developer (AI/LLM Integration)

Position Overview

We're hiring a Laravel/PHP Full-Stack Developer to lead the development of our SaaS web portal, admin panel, services and AI/LLM integration. You'll be responsible for deploying, fine-tuning, and maintaining open-source LLMs while ensuring system scalability. You'll handle both backend logic and frontend implementation, working closely to translate Adobe XD/Figma/PSD files into functional, responsive interfaces.

Key Responsibilities

- **Full-Stack Development:**
 - Build and maintain Laravel-based web services, admin panels, and dashboards.
 - Develop responsive UIs from Adobe XD/Figma/PSD designs using Laravel Blade, HTML/CSS, and modern JavaScript frameworks (Vue.js/React).
 - Collaborate with designers via Zeplin/Figmal for seamless design-to-code workflows.
- **AI/LLM Ownership:**
 - Deploy, fine-tune, and monitor open-source LLMs (e.g., LLaMA, Mistral) on AWS (EC2, SageMaker).
 - Design vector database pipelines (Pinecone, FAISS) for RAG workflows and embeddings.
 - Optimize model performance (latency, cost) and ensure GDPR-compliant data handling.
- **System Maintenance:**
 - Implement CI/CD pipelines (GitHub Actions, AWS CodeDeploy) and monitor system health.
 - Conduct regular security audits, performance testing, and dependency updates.

Requirements

- 4+ years in Laravel/PHP and RESTful API development.
- Proficiency in frontend development: HTML5, CSS3, JavaScript, and Vue.js/React.
- Experience with Adobe XD/Figma/PSD for design-to-code implementation.
- Hands-on AI/LLM integration using LangChain, Hugging Face Transformers, or OpenAI API.
- AWS (EC2, S3, Lambda) and vector databases (Pinecone, FAISS).
- Familiarity with Git, CI/CD pipelines, and GDPR compliance.

Nice-to-Have

- Experience with WebSocket for real-time AI features.
- Knowledge of Docker/Kubernetes for containerized deployments.
- Testing frameworks (PHPUnit, Jest).

Benefits

- Monthly Salary: **USD 750** (**USD 900** if proven AI/LLM expertise)
- Relocation & Lifestyle:
 - 🌴 Live and work in the **Maldives** – a tropical paradise!
 - 🏠 Shared **accommodation** provided.
 - 🍴 **Food** allowance provided.
 - 🩺 Medical **insurance** and general **medical** coverage.
 - ✈️ 2-year renewable contract (work visa) sponsorship.
